Table Specifications

Table top core is CARB Phase I & Phase II Compliant. Laminate, wood veneer and phenolic backing are glued with water based adhesives. Tables are covered top and sides with high pressure laminate, or choose Optional Two Different Color Laminates: top portion of table in one color, sides of table in another color. Square tables feature a 3" corner radius. The grain orientation always run vertically — whether using laminate, veneer, or tambour. Table comes with nail glide on the cylinders.

Freight On Us

We make it easy to get your pieces where they need to go. Orders over \$7,000 list ship free - no extra freight fees and no surprises. For orders \$6,999 and under, a simple flat rate of \$195 will be applied.

Sustainability, Built In

We believe better design starts with better materials - and that true quality means making things that last. Because carefreely doesn't mean carelessly, it means caring enough to build responsibly, for people and the planet. Learn more and see current certifications here >>

Lifetime Warranty

Built to last. Backed for life. That's Carefreely - our promise that every piece is made with lasting quality, with a support team that always has your back. If something needs fixing, we're here to repair or replace - whatever it takes to keep your space working beautifully.

Surface Finish Options

Laminate
We'll source your selection for any project, because life is too short to limit options here. Standard or otherwise, grading in any premiums. Want the field narrowed in? Check out page 3 to view our standard palette that matches the 3MM edge options we stock.

FENIX®
A high-design surface material with a low-sheen aesthetic. Sleek, ultra-matte, soft-touch and naturally fingerprint resistant; it's equally satisfying to look at as it is easy to live with. We stock a core palette of 8 colors, but happy to chase a custom color if your project calls for it.

Wood Veneer
Real wood, real character. We select our standard Rift Cut White Oak veneer for it's warm, natural appearance and distinctive grain. No sameness here - each piece shows variation in color and grain, highlighting the authenticity of real wood. Our transparent stains preserve the grain's depth and a zero-sheen top coat creates a smooth natural matte finish.

White Oak Tambour
Crafted from 3/4" white oak, available in two profiles: Beaded (convex) for sculptural dimension and Flat (smooth) for a clean, modern line. Subtle differences in grain and tone celebrate the organic nature of real wood - no two pieces are ever identical. Finished with any of our standard 18 transparent stains, sealed with a zero-sheen top coat for a smooth, natural matte finish.

Other
Looking for a custom material? Connect with our quoting team via sales@erginternational.com so we can look into options. If it's a specific stone or solid surface, we'll need the exact pattern and quantity of tables to get an accurate quote - none are priced the same!
