FINISH INFORMATION

TABLE TOPS

All table tops are 1.25" with the exception of Elliot at .75", overall thickness unless otherwise noted. Core material is high density particle board with no added urea formaldehyde. Backing material is installed to the underside of each table. All glue used in our process is 100% water soluble, nontoxic and environmentally friendly.

Table tops can be finished in your choice of laminate, wood veneer, composite, or natural stone (where available).

T-Nuts and Screws: ERG never uses wood screws. All bases are connected to table tops with metal inserts. Steel machine screws are then inserted into metal inserts, for a metal-to-metal connection.

Laminate samples can be obtained from these manufacturers by contacting them direct at the numbers or websites listed below:

LAMINATES

ERG offers over 1000 standard laminate choices from Nevamar, Wilsonart, Formica and Pionite. To verify if your laminate is standard with ERG, please call ERG Customer Service. Some laminates carry a premium upcharge. ERG can "special order" laminates made by other manufacturers. Please call Customer Service with your request.

PANOLAM	877-726-6526	www.panolam.com
(includes Navamar, Panolam, and Pionite brands)		
WILSONART	800-433-3222	samples.wilsonartcontract.com
FORMICA	800-367-6422	www.formica.com

Other Laminate Venders Available Upon Request.

SOLID SURFACE

ERG offers Solid Surface and Stone tops in many selections. Call ERG Customer Service with your requirements.

3MM PVC EDGE / LAMINATE CROSS REFERENCE GUIDE

ERG has put together the following laminate guide to assist our customers in choosing laminates that closely match ERG's PVC edge colors. ERG carries many in stock laminates.

Please call Customer Service or e-mail literature@erginternational.com for ERG laminate colors.

PVC SOLID COLORS	COORDINATING LAMINATE	PVC WOOD COLORS	COORDINATING LAMINATE

CARE INSTRUCTIONS FOR ERG FURNITURE PRODUCTS

HOW TO MAINTAIN YOUR ERG TABLES

LAMINATE TOPS/BASES

Clean with a soft non abrasive cloth, sponge or similar material, dry or damp. Clean the laminate surface regularly using Professional Laminate cleaner or warm soapy water. Always clean the surface then dry with blotting paper to avoid any residue marks. Do not use abrasive compounds and cleansing agents which have strong acids or salts. Always keep the tops dry as the moisture is hard on the chipboard core.

WOOD OR VENEER TOPS

Clean with a soft cloth and furniture polish. Mild cleaners or solvents are NOT recommended as all ERG wood stains, lacquers and sealers are all water-based products. It is recommended to dry wood completely until all moisture is gone. Possible liquid or other leftover substances should be removed immediately to avoid absorption.

SOLID SURFACE

Clean with a damp cloth and warm water. DO NOT use cleaners or solvents. Possible liquid or other left over substances should be immediately removed to avoid absorption.

TABLE BASE WITH POWDER COAT FINISH

Clean base with a soft cloth and warm soapy water. Professional cleaning solvents are acceptable and will not damage the powder coat paint finish. Dry completely with soft cloth.

TABLE BASE WITH STAINLESS STEEL FINISH

Clean base with Professional Stainless Steel cleaning solution or warm soapy water. Dry completely with soft cloth.

TABLE BASE WITH POLISHED CHROME FINISH

Clean base with Professional Chrome cleaning solution or warm soapy water. Dry completely with soft cloth.

HOW TO MAINTAIN YOUR ERG CHAIRS

POLY & NYLON CHAIRS

Clean plastic with a soft cloth and warm soapy water. A solution of mild bleach and water, or professional cleaning solvents are acceptable and will not harm plastic materials. Dry completely with soft cloth.

WOOD CHAIRS

Clean with a soft cloth and furniture polish. Mild cleaners or solvents are NOT recommended as all ERG wood stains, lacquers and sealers are all water-based products. It is recommended to dry wood shell completely until all moisture is gone.

UPHOLSTERED LOUNGES & SOFAS

Most fabrics and vinyls can be cleaned with a damp cloth and warm soapy water. Mild professional cleaners are acceptable and will not harm vinyl or fabrics, however please consult textile manufacture for exact cleaning instructions.

CHAIR/LOUNGE FRAME WITH POWDER COAT FINISH

Clean frame with a soft cloth and warm soapy water. Professional cleaning solvents are acceptable and will not damage the powder coat paint finish. Dry completely with soft cloth.

POLISHED CHROME FINISH

Clean frame with Professional Chrome cleaning solution or warm soapy water. Dry completely with soft cloth.
